

Essential PowerPoint®

Presentation Shortcuts

Keystroke commands that control presentations are stored in the base cue light. There is a separate keystroke —or keystroke macro — for each button on the transmitter.

Any PerfectCue controller may be configured with one of these commands. Connect the configuraton app to the “A” port of your cue light and launch the configuration application.

• Start Presentation	F5
• Start Presentation Presenter View (Notes)	Alt + F5
• Go to the next slide:	Right arrow or Down arrow
• Go to the previous slide:	Left arrow or Up arrow
• Zoom in (3 times max):	Ctrl + Shift + Plus sign (+)
• Zoom out (3 times max):	Ctrl + Shift + Minus sign (-)
• Blank the screen (Black)	B
• Blank the screen (White):	W
